Sandy City Business Watch

The goal of Business Watch is to provide Sandy City community businesses with educational information regarding shoplifting, internal theft, burglary, robbery, and other aspects of crime prevention. These are geared towards all Sandy City area businesses.

Business Watch may be one of the best crime prevention devices for your business.

WHAT IS BUSINESS WATCH?

Business Watch is a crime prevention program which enlists the active participation of businesses in the Sandy area in cooperation with law enforcement to reduce crime in business communities.

Business Watch is designed to improve the relationship between the Sandy City Police Department and local businesses.

A chain is only as strong as its weakest link. Get involved and make a difference in your business area

The Business Watch program offers free training to merchants and their employees. Training is conducted at a Sandy City facility or your location upon request

A Business Watch enables individual businesses to take an active part in preventing and reducing crime on business premises through sharing information, raising awareness and training employees how to recognize criminal activity.

As a member of Business Watch, you are the eyes and ears of the police department in your place of business. By making the effort to report criminal activity correctly, you are making your business, as well as the businesses around you, a safer place.

What does Business Watch Cost

There is no cost to Business Watch. It is a free service from the Sandy City Police Department Crime Prevention Unit.

We provide members a decal which can be display on a window or glass door.

The Business Watch Program uses email communication to send alerts, crime prevention, and training information to your business.
